NeuroStar Advanced Therapy for Mental Health Recognized as Top Neuromodulation Solution Provider in 2021

January 10, 2022

Technology is awarded for its advances in mental health

MALVERN, Pa., Jan. 10, 2022 (GLOBE NEWSWIRE) -- Neuronetics, Inc. (NASDAQ: STIM), a commercial stage medical technology company focused on designing, developing, and marketing products that improve the quality of life for patients who suffer from neurohealth disorders, is named Top Neuromodulation Solution Provider in 2021 by *MedTech Outlook* magazine. NeuroStar is the leading transcranial magnetic stimulation (TMS) treatment for major depressive disorder. With over 4.3 million treatments delivered and countless lives transformed, a recent publication shows that NeuroStar achieved a high response rate of 83% and remission rate of 62% (Sackeim, et al).

"We are grateful to be recognized as a leader in the neuromodulation space," said Keith J. Sullivan, President and CEO of Neuronetics. "Our goal is to offer a non-drug treatment to the millions of patients suffering from major depressive disorder – giving them a potential solution for a condition that can be challenging to manage. We are devoted to advancing our technology and spreading awareness to help change people's lives."

Along with the recognition is an [article](#) on [MedicalTechOutlook.com](https://www.mediatechoutlook.com), featuring NeuroStar's technology, an overview of the programs and resources the company provides to physician practices and the vision for the company over the next five years.
